

**Cleveland Harbor Dredging Summit  
February 2-3, 2010**

**Hilton Doubletree  
1111 Lakeside Avenue  
Cleveland, OH 44114**

To all interested parties:

**BE PART OF THE SOLUTION!** There is a dredged material management crisis in Cleveland Harbor which threatens the economic viability of the City of Cleveland, Cuyahoga County, and surrounding region.

The U.S. Army Corps of Engineers will host a Cleveland Harbor Summit in cooperation with the City of Cleveland, Cleveland-Cuyahoga County Port Authority, and Ohio Environmental Protection Agency. The summit will be February 2-3, 2010 at the Hilton Doubletree, 1111 Lakeside Avenue, Cleveland, OH 44114. The purpose of the summit is to discuss short and long term dredged material management needs and alternatives, beneficial use of dredged material, regional sediment management, and funding/grant opportunities. The goal is to create a task force to carry forward the ideas and plans discussed at the summit.

We are looking to engage Federal, State, and local governments, industry representatives, regulatory agencies, non-governmental organizations, etc. to participate in the summit. Please share this e-mail with other interested persons/agencies who may not be included in the distribution list. Additional information about the summit, including a detailed agenda and hotel accommodations will be provided in the coming weeks.

Kindly RSVP with your name and affiliation by January 25, 2010 to Ms. Nicole Roberts at 716-879-4244 or via e-mail at [nicole.roberts@usace.army.mil](mailto:nicole.roberts@usace.army.mil). Contact Ms. Lynn Greer with any questions regarding the summit at 716-879-4260 or via e-mail at [lynn.m.greer@usace.army.mil](mailto:lynn.m.greer@usace.army.mil).

Thank you for your interest in Cleveland Harbor, dredged material management, and beneficial use alternatives. We look forward to working with you at the summit!
